About Textiles

Thanksgiving - Ichinomiya

Tanabata Festival

The people of Ichinomiya believe that the city's textiles industry has prospered thanks to the local god of textiles.

One of the highlights of the festival, the Onzo-Hoken Parade, pays homage to this and offers local specialty wool fabrics to Masumida Shrine's auxiliary shrine Hatori Shrine.

Celebrating its 70th year, the Ichinomiya Tanabata Festival is a must see with dazzling decorations, street vendors, parades and shows.
